Munich

Jolanta Lazuga - Koczurowska, Head of the
Board of Monar Association, Poland

Please join us on the 5th of December in Warsaw to celebrate Ecett's 10th Anniversary. Together we will focus on empowerment and professional development of addiction therapists, social workers and education specialists. Our goal is to provide an opportunity for professionals from various fields to share their experience and boost their creativity, as well as encourage continuous improvement of quality of service in the areas of youth, addiction prevention and rehabilitation, social work and education.
